

*Marsh Sound Association, Inc.*  
*Addition to Existing Fence Policy*  
*Approved March 21, 2007*

“All fences bordering a retention pond shall be constructed of aluminum or wrought iron and maintained to inhibit rust. As of this date future installment or replacement of such fencing shall be constructed using the above materials. No fence section located on lake embankments and marsh edges shall exceed four (4) feet in height. Spacing of vertical “pickets” shall be a minimum of 3” and not exceed 4” in spacing. Pickets shall not exceed 1”sq. in width.”
